

## THE CONCERN

Too many cats and dogs are being destroyed or euthanized each week in the Upper Snake River Valley. Most of these animals are healthy and adoptable, and only need to find their forever home. There simply is not enough room in the local city-run facilities to house them long enough to find that home. Our community needs a nonprofit shelter that educates on proper pet care and offers innovative programs to alleviate the problem of too many unwanted domestic animals.

## Paving the Way . . .

Become a visible part of the Snake River Animal Shelter history by memorializing someone special, honoring a friend, relative, beloved pet or just leaving your name in support of our mission with the Snake River Animal Shelter's "Paving the Path" brick fundraiser. Our future plans include walkways and gardens around the new shelter and a donor wall where you can help create a wonderful path of memories or a wall of community support. By purchasing an engraved brick, you are helping the Shelter. In addition to the brick, you will be able to purchase a donor certificate and/or a matching brick for yourself. Please show your support for the new shelter facility!
